Datagrit

Datagrit and GritDB logo guide

Last updated 2026-11-10

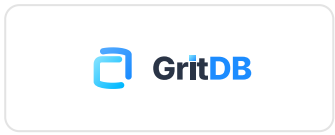

Logos

Datagrit company logo

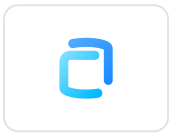

GritDB product logo

Symbol

Symbol, black

Symbol, white

The Datagrit company logo and the GritDB product logo share the same symbol. Only the name differs. Each logo comes as SVG, PNG, and AI files. Use SVG on the web, PNG in documents and slides, and AI for print and design work.

Clear space

Keep clear space around the logo of at least 1/4 of the symbol height. In the figure, x is 1/4 of the symbol height.

Minimum size

On screen, do not show the symbol smaller than 16 px or the horizontal logo lower than 20 px. In print, keep the horizontal logo at least 25 mm wide.

Backgrounds

Use the light-background version on light backgrounds and the dark-background version on dark backgrounds. On photos or busy backgrounds, use the white or black version.

Colors

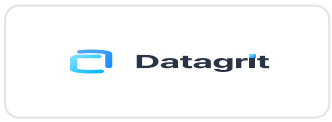

Light sky	HEX #7ADFFF	RGB 122 223 255
Sky	HEX #00B8FF	RGB 0 184 255
Light blue	HEX #4FA8FF	RGB 79 168 255
Blue	HEX #1C8CFF	RGB 28 140 255
Slate	HEX #2A3446	RGB 42 52 70

Each of the two strokes in the symbol is a gradient. The upper right stroke goes from light blue to blue. The lower left stroke goes from light sky to sky. The name is slate on light backgrounds and white on dark backgrounds. The DB in GritDB is blue on light backgrounds and sky on dark backgrounds.

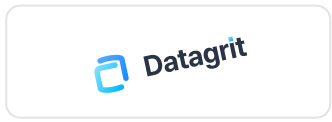

Do not use the logo like this

Changed colors

Changed proportions

Tilted

Added shadow

Do not change the colors or proportions, tilt the logo, or add shadows or outlines. Do not redraw the strokes or retype the name.

Trademarks and terms

- Datagrit and GritDB are registered trademarks of Datagrit Corp. in the Republic of Korea.
- You may use these logos to refer to Datagrit or GritDB. Examples are articles, materials that introduce customers or partners, and guides for products that work with GritDB.
- Do not modify the logos or combine them with other logos into one mark.
- Do not use them in the name or logo of your own company, product, or service.
- Do not use them in a way that suggests Datagrit endorses you or is your partner. You may state a partnership only when there is an actual agreement.
